

How to Make Your Accompanist Happy:

This page was photocopied from a standard piano/vocal folio measuring 9 x 12". The image was reduced to **93% of original size**, so it fits entirely on a letter-sized (8½ x 11") sheet.

Notice that every marking that appeared on the original is included in the copy, especially:

1. chord symbols above the **top** system
2. **page numbers** (on every page!)
3. the **right** barline at the end of each system
4. braces on the **left** of each system
5. lowest bass notes of the **bottom** staff

Careless photocopying can (and often does!) overlook these points, making it harder for your accompanist to support your performance!
